Hon. JOHN A. BINGHAM will address the Uniontown meeting.

The Country and all Democratic Government is attacked and in danger from the Rebellion and the schemes of the Rebels. Their safety rests solely on the wisdom and virtue of the people.

Let the People Rally, and the Republic is safe!

THE PRESIDENT'S PROCLAMATION.

There were a great many mistakes in this important document as it appeared in our columns last week, and we re-publish this week in a correct form. It is the most important document ever issued by an American President, and will find its response in the hearts of all good men the world over. This great act of the President will unite all friends of the cause more closely, and will also checkmate any designs which foreign Governments may have had of interfering with our efforts to crush the Rebellion. The Governors of all the loyal States were in session at Altoona, Pa., last week, and passed a resolution approving it unanimously.

On our first page we also give the views of the leading newspapers upon it, and an eloquent letter from Richard Busteed, an Irish Democrat of New York.

We have cheering reports from all parts of the County in relation to the coming Fall election. Our people are thoroughly awake, and will give Bingham and the balance of the Union ticket a cordial and unanimous support.

We have good cheer from the other Counties of this Congressional District, also, and from all parts of the State. We believe Mr. Bingham will be triumphantly elected, but we must give him every vote we have in the County, in order to make his election doubly sure, and the triumph still more decided. Mr. Bingham's opponent, and his friends, have resorted to every means, fair and foul, to defeat him. See to it, Union men, that you do your whole duty in the matter.

The Cambridge Jeffersonian admits that Joe. White, its little partisan, Butternut candidate for Congress, left the M. E. Church in Cambridge because Revs. Wattkins and Davidson prayed for the success of the Union arms. It says Rev. Mr. Davidson is "one of the most fanatical Abolitionists in the country, Mr. Bingham not excepted." Of course.

Joseph Rial and Andrew Gellar, who were traitors in Gen. Pope's army, and were captured at Catlett's Station and confined at Richmond, arrived home on Monday evening, having been released by the Rebels.

The White and Vallandigham must not get control of the next Congress. If they do, the community is ruined. Every friend of ours strikes country should labor unceasingly for the election of John A. Bingham.

Some ladies and gentlemen favored us with a sweet serenade last Monday, night, for which we return our hearty thanks, and hope they may call often.

\$20 per month and board will be paid a good cook in Capt. Kirk's Co., 126th Ohio Regiment. For further particulars inquire at this office.

My attention to the advertisement of Mr. John P. Harvey, Agent of Howe's Sewing Machines, in another column.

There is not a Rebel in the South who would not rejoice at the defeat of John A. Bingham.
